| | Poor 1 pts | Fair 2 pts | Good 3 pts | Excellent 4 pts |
|------------------------------------|---|--|---|--|
| Content/Message | Poor Several requirements were missing from the project guidelines sheet. | Fair Some requirements not met from project guidelines sheet. | Good Most requirements were met from project guidelines sheet. | Excellent Student was thorough in making sure all requirements were met from project guidelines sheet. |
| Group work | Poor Student did not contribute as much to the project as others and / or didn't use time efficiently. | Fair Student did less work than group mates and / or on certain days didn't make best use of his or her time. | Good Student did his or her portion of the work and stayed on task during all sessions. | Excellent Student was engaged and diligently working during each session of project work. |
| Preparation / Pronunciation | Poor Student was unsure of his or her lines and pronunciation hindered comprehension. | Fair Student should have rehearsed a few more times before recording. | Good Student was overall confident when delivering his or her lines and pronunciation was clear. | Excellent It was evident that student rehearsed lines at home and during class. Showed confidence and pronunciation was clear and accurate. |
| Creativity | Poor Student could have put more effort into the project brainstorm and developing the script. | Fair Project had some unique / creative ideas but overall needed some more "sazón". | Good Project was unique and showed that group members put time and effort into making a quality project. | Excellent Video was incredibly entertaining to watch and contained unique ideas / props. |
| Video/sound Quality | Poor Several technical issues occurred during the video - camera angle, background noise, speakers were hard to hear, music louder than speakers, video was not burned on a DVD. | Fair Some technical issues occurred during the video - camera angle, background noise, speakers were hard to hear, music louder than speakers, video was not burned on a DVD. | Good Generally free of technical issues, video was burned on DVD before class the day it was due. | Excellent Video was well-made, easy to listen to and was burned on a DVD before class the day the project was due. |
